

UK Classroom Resource Enrichment Grants 2020 - 2021

Program Overview

To provide supplementary funding for teachers with limited classroom budgets and demonstrated need, QFI is pleased to announce its annual Classroom Resource Enrichment Grants (CREGs) program in the United Kingdom.

CREGs are intended to provide sustainable resources and materials, ideally to serve the classroom for multiple years. Examples of appropriate materials include:

- Costs associated with student-driven performances related to Arabic language and/or the Arab world that involve the greater school community;
- Books*, videos, software, and other materials to teach about the Arab world or the Arabic language;
- Special costs associated with an interdisciplinary project or student-related activities (must have a specific focus on Arabic language and/or the Arab world) such as materials for art, music, geography, history, and science projects.

*Please note that books about the Arab world which have been awarded a MEOC Middle East Book Award are not eligible to be purchased with CREG funding. Instead, please apply for QFI and MEOC's Educator Book Award program. Find the list of winning book titles [here](#).
